Hi Nicholas –

We are trying furiously to get a schedule together for today and some things are still in flux. But here is the general outline:

She gets into Durango at around noon or soon thereafter and will head to the unified command center for a briefing and meetings with all the partners located at the center, including the states and locals. There is a press availability scheduled for 2:00 but location is still unconfirmed – we will send you the advisory for the event when we have it.

My understanding is that she still has blocks of time held on the calendar to talk with your boss and hopefully that will work out.

I am copying Rebecca Russo who is our regional contact. She will be getting in touch with your district staff to make sure they have the latest as it all gets confirmed.

Let me know if there are other questions you might have and I will try to answer them as quickly as I can.

Any update? We are leaving Durango now to meet Senator Gardner and other local officials at the mine in Silverton. I also heard she will be in Farmington today on he local news.

Thanks,

Nick

Thank you for the quick response and your help in facilitating the phone call.

Will the Administrator be participating in any public meetings or press briefings tomorrow? I will be attending a meeting and taking a tour of the mine tomorrow with Senator Gardner in Silverton. Is she planning to attend or would she like to attend? Just trying to get a gage on what she is going to be doing so we can have staff in attendance.

Thanks,

Nick

Hi Nicholas,

I reached out to Agustina this evening to set up a time for our bosses to speak over the phone. We were hoping they could talk at either 7:45am MST or 12:30pm MST.

Please let us know if any of those times would work.

Thank you,

Liel

Hi Augustina-

I just spoke to Nicholas. I am looping you directly with our scheduling team who can hopefully find some times that will work to connect our bosses.

Arian and Liel - the Congressman is not in the country at the moment but he would like to talk with the Administrator tomorrow.

Nichole,

Thoughts on being able to arrange a call this afternoon?

Hi Tim

I am the Deputy Associate Administrator for
Congressional Affairs at EPA. I don't believe we've met.

I wanted to reach out to you to see if your boss would be

willing to doing a call with Administrator McCarthy today regarding the Gold King Mine spill. I reached out to Tim last night but hadn't heard back so I wanted to circle with you.

If you think this is something your boss would be interested in send me your scheduler's contact info and I will have our scheduling office reach out to coordinate the call.
